

2024 Prescription Drug Formulary

2024 List of Covered Drugs

PLEASE READ – This document contains information about the drugs we cover in our plans:

Western Health Advantage MyCare (HMO)

Western Health Advantage MyCare Compass (HMO)

Western Health Advantage MyCare 10/0 (HMO)

Western Health Advantage MyCare 0/20/0 (HMO)

This formulary is current as of May 1, 2024

IMPORTANT MESSAGE ABOUT WHAT YOU PAY FOR VACCINES – Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

IMPORTANT MESSAGE ABOUT WHAT YOU PAY FOR INSULIN – You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

For more recent information or other prescription drug questions, visit mywha.org/MyCareDrugList or call Western Health Advantage at 888.942.4777; 711 TTY. We are open 8 a.m. to 8 p.m., seven days a week, October through March, and 8 a.m. to 8 p.m., Monday-Friday, April through September.

Translation services and assistance are available.

Formulary ID: 24087, Version: 11

For more recent information or other questions, please contact Western Health Advantage at 800.345.3189; 711 TTY, twenty-four hours a day, seven days a week, or visit mywha.org/MyCareDrugList.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Western Health Advantage. When it refers to “plan” or “our plan,” it means Western Health Advantage MyCare, Western Health Advantage MyCare Compass.

This document includes a list of the drugs (formulary) for our plan which is current as of 05/01/2024. For updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024 and from time to time during the year.

What is the Western Health Advantage Formulary?

A formulary is a list of covered drugs selected by Western Health Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Western Health Advantage will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Western Health Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Western Health Advantage may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Western Health Advantage’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or bothwe may add a generic drug that is not new to the market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, [or] add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Western Health Advantage’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 05/01/2024. To get updated information about the drugs covered by Western Health Advantage please contact us. Our contact information appears on the front and back cover pages. In the event of a mid-year non-maintenance formulary changes, we will either notify you via the Explanation of Benefits (EOB's) or errata sheet to notify you of changes.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

- **Medical Condition:** The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.
- **Alphabetical Listing:** If you are not sure what category to look under, you should look for your drug in the Index that begins on page 71. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Western Health Advantage covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Western Health Advantage requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Western Health Advantage before you fill your prescriptions. If you don't get approval, Western Health Advantage may not cover the drug.
- **Quantity Limits:** For certain drugs, Western Health Advantage limits the amount of the drug that Western Health Advantage will cover. For example, Western Health Advantage provides 30 tablets per prescription for JANUVIA®. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Western Health Advantage requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Western Health Advantage may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Western Health Advantage will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific

covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Western Health Advantage to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Western Health Advantage’s formulary?” on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Western Health Advantage does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Western Health Advantage. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Western Health Advantage.
- You can ask Western Health Advantage to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Western Health Advantage’s Formulary?

You can ask Western Health Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at lower cost-sharing level unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Western Health Advantage limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Western Health Advantage will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you**

should submit a statement from your prescriber or physician supporting your request. Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Level of care change	Day Supply
For members transitioning from a SNF to LTC:	31-day supply
SNF to Home (Retail):	30-day supply
LTC – LTC:	31-day supply
Hospital to Home (Retail):	30-day supply

For more information

For more detailed information about your Western Health Advantage prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Western Health Advantage, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Western Health Advantage Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Western Health Advantage. If you have trouble finding your drug in the list, turn to the Index that begins on page 71.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA®) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The information in the Requirements/Limits column tells you if Western Health Advantage has any special requirements for coverage of your drug.

The Drug Tier name lets you know the amount you will pay at the pharmacy.

- **Tier 1** is the lowest cost share tier, and you will pay your preferred generic copay.
- **Tier 2** you will pay your generic drug copay
- **Tier 3** you will pay your preferred brand-name drug copay
- **Tier 4** you will pay your non-preferred drug copay
- **Tier 5** is the highest cost share tier, and you will pay your specialty coinsurance

Please note that the brand and generic status of a drug may be different during the Coverage Gap and Catastrophic Coverage Phases as determined by the Food and Drug Administration (FDA) regulatory status.

Below is a list of abbreviations that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage of your drug.

B/D	This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.
NDS	Non-Extended Day Supply. This prescription drug is not available for an extended days' supply.
PA	Prior Authorization. This requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescription. If you don't get approval, we may not cover the drug.
PA NSO	Prior Authorization for New Starts Only. Prior authorization is required if you are a new member or you have not taken the drug before.
QL	Quantity Limit. For certain drugs, we limit the amount of the drug that we will cover.
ST	Step Therapy. In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
ST NSO	Step Therapy for New Starts Only. Step Therapy is required if you are a new member or if you have not taken the drug before.

Comprehensive Member Formulary

Western Health Advantage

Effective: 05/01/2024

Drug Name	Drug Tier	Requirements/Limits
Analgesics		
<i>Nonsteroidal Anti-inflammatory Drugs</i>

NOTICE OF NON-DISCRIMINATION

Western Health Advantage complies with applicable Federal and California civil rights laws and does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability, as applicable. Western Health Advantage does not exclude people or treat them differently because of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability.

Western Health Advantage:

Provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats
(large print, audio, accessible electronic formats, other formats)

Provides free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages

If you need these services, contact the Member Services Manager at 888.942.4777, TTY 711.

If you believe that Western Health Advantage has failed to provide these services or discriminated in another way on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability, you can file a grievance by mail, phone or email. If you need help filing a grievance, the Member Services Manager is available to help you.

Mail: Western Health Advantage, Attn: Appeals and Grievances
2349 Gateway Oaks Drive, Suite 100, Sacramento, California 95833

Call: 888.942.4777, TTY 711

If there is a concern of discrimination based on race, color, national origin, age, disability, or sex, you can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, by mail or by phone.

Mail: U.S. Department of Health and Human Services
200 Independence Avenue, SW, Room 509F, HHH Building, Washington, D.C. 20201

Call: 800.368.1019, 800.537.7697 TDD

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

Western Health Advantage is an HMO plan with a Medicare contract. Enrollment in the health plan depends on contract renewal.
